

**PROVA DISCURSIVA - TURISMO****QUESTÃO 01**

Fortaleza is known as the city of the sun. Why? Explain why this happens and describe important natural tourist attractions from Fortaleza.

**QUESTÃO 02**

“The name Schoonenborch was a tribute to the Dutch governor of Recife, and the construction of the building served to establish, for a few more years, Dutch rule in Ceará. On April 22, the only thing that was not ready was the construction of Beck, the gate and two batteries. That way, that five-pointed fort, with its parapets, ditches and so on, could be considered complete.”

As a guide of tourism, how would you explain the importance of the Schoonenborch fort for Fortaleza’s build? Describe this historical fact and identify the current location of this historic attraction.
